

FORUM OPHTHALMOLOGICUM BALTICUM PROGRAMME

Friday, August 23rd

9:30-10:00	Opening Ceremony	
9:30-9:35	President's welcome	Jurate Balciuniene
9:35-9:50	Kavli and Warren Alpert Foundation Prize Laureate Lecture. CRISPR-Cas tools for genome editing: from bench to clinic	Virginijus Siksnyš
9:50-9:55	International Council of Ophthalmology CEO's Greetings	Ivo Kocur
10:00-11:20	CATARACT (MODERATORS: GUNA LAGANOVSKA, REDA ZEMAITIENE)	
10:00-10:20	Complicated Situations in Cataract and Anterior Segment Surgery	Gerd Auffarth
10:20-10:35	How to protect the ocular surface during cataract surgery	Zbigniew Zagorski
10:35-10:45	First experience with femtosecond-laser assisted cataract surgery (FLACS) in LSMU Hospital Kauno klinikos	Dalia Zaliuniene
10:45-10:52	The first experience with the FLACS in the Baltic countries	Andrej Solomatin
10:52-10:59	The accuracy of intraocular lens power calculation formulas for eyes of axial length exceeding 24.5 mm	Wiktor Stopyra
10:59-11:06	A prospective, single arm, multicenter study on effectiveness and safety of the Atia Vision Modular Intraocular Lens System AVL 100 for treatment of cataract and presbyopia	Igor Solomatins
11:06-11:13	Visual function after multifocal IOL implantation	Indre Matuleviciute
11:13-11:20	Choroidal thickness maps changes following phacoemulsification in patients with age-related macular degeneration	Gaile Gudauskiene
11:20-11:40	Coffee break	
11:40-12:40	CORNEA, OCULAR SURFACE AND REFRACTIVE SURGERY (MODERATORS: DALIA ZALIUNIENE, MIKK PAUKLIN)	
11:40-12:00	Principles of ocular surface reconstruction	Harminder Dua
12:00-12:10	Trends in Corneal Transplantation. Ultrathin DSAEK - an Option of Endothelial Keratoplasty	Reda Zemaitiene
12:10-12:17	Corneal Collagen Cross-Linking for Patients with Progressive Keratoconus: First Years (2017-2018) Results	Renata Vaiciulienė
12:17-12:24	Results of intracorneal ring segments implantation for patients with keratoconus	Lina Socevicienė
12:24-12:31	Comparative analysis of the levels of markers of inflammation in the tear fluid in patients with keratoconus	Julia Meshcheryakova
12:31-12:38	Corneal changes in patients with herpes simplex virus keratitis by in vivo confocal microscopy	Vilija Danileviciene
12:40-13:30	ALCON SATELLITE SYMPOSIUM	
12:40-12:55	Clareon IOL - a new IOL platform and delivery system	Gerd U. Auffarth
12:55-13:15	Clinical experience with the Clareon IOL and the AutonoMe delivery system	Dzianis Hlushko
13:15-13:30	SYSTANE COMPLETE® - a new step towards optimal eye lubrication	Egle Danieliene
13:30-14:20	Lunch (50 min)	
14:20-15:00	SANTEN SATELLITE SYMPOSIUM	
14:20-14:45	Optimizing stepwise therapy in glaucoma	Anastasios-Georgios P. Konstas
14:45-15:00	Ocular surface disease and glaucoma - can we take care of both?	Ingrida Januleviciene
15:00-16:30	RETINA AND VITREOUS (MODERATORS: JURATE BALCIUNIENE, KULDAR KALJURAND)	
15:00-15:07	The First Experience with Foldable Capsular Vitreous Body implantation in Latvia	Guna Laganovska
15:07-15:14	Long term outcome of surgically successful macular hole surgery: a case report	Juris Vanags
15:14-15:21	Acute-onset vitreous hemorrhage of unknown origin: should we act or wait?	Adomas Pajeda
15:21-15:36	Dyes in epiretinal membrane surgery	Jean-François Korobelnik
15:36-15:56	Management of Diabetic Macular edema	Anat Loewenstein
15:56-16:16	New drugs in AMD.	Jean-François Korobelnik
16:16-16:30	Problematic Questions in Treatment of Retinal diseases: a Case Based Approach	Jurate Balciuniene
16:30-16:50	Coffee break	
16:50-18:00	PAEDIATRIC OPHTHALMOLOGY AND RARE DISEASES (MODERATORS: ARVYDAS GELZINIS, SANDRA VALEINA)	
16:50-17:10	State-of-the-Art in Genetic Therapies for Retinal Dystrophies	Bart Leroy
17:10-17:25	Myopia control	Andrzej Grzybowski
17:25-17:32	Surgically treated Congenital Cataract's Eye Axial Length influence on Pseudophakic eye refraction changes	Sandra Valeina
17:32-17:39	Rare Diseases Management in LSMU Hospital Kauno klinikos	Arvydas Gelzinis
17:39-17:46	Rare congenital iris membrane with secondary glaucoma: a case report	Pille Tein
17:46-17:53	Prevalence of complications in a lithuanian retinitis pigmentosa group	Rasa Strupaite-Sileikiene
17:53-18:00	Case Report	Vineta Aizkalne

Saturday, August 24th

09:00–09:20	NEUROOPHTHALMOLOGY	
09:00–09:20	Optic Chiasmal Syndromes	Aki Kawasaki
09:20–10:50	GLAUCOMA (MODERATORS: INGRIDA JANULEVICIENE, KRISTINE BAUMANE)	
09:20–09:40	OCT angiography – how to quantify data	Leopold Shmetterer
09:40–10:00	MIGS – how minimal is minimal-invasive?	Anselm Junemman
10:00–10:10	Role of Ahmed Valve In Refractory glaucoma surgery	Vytautas Jasinskas
10:10–10:20	Peripapillary retinoschisis and glaucoma	Loreta Kuzmiene, Dzastina Cebatoriene
10:20–10:27	Association of NT-proANP Level in Plasma and Aqueous Humour with Primary Open-Angle Glaucoma	Kristina Baumane
10:27–10:34	Morphological Changes of Lamina cribrosain Glaucomatous Eyes after Trabeculectomy	Aiste Kadziauskiene
10:34–10:41	Incidence of pseudoexfoliation syndrome and it's association with non infectious eye deseases in Kaunas (Lithuania)	Ugne Rumelaitiene
10:41–10:48	Comparison of anterior segment characteristics in cataract patients with or without glaucoma	Giedre Pakuliene
10:48–10:55	Comparison of filtering bleb characteristics using anterior segment OCT: minimally invasive glaucoma surgery vs. trabeculectomy	Oskars Gertners
10:55–11:10	Coffee break	
11:10–12:40	OCULOPLASTICS AND ONCOLOGY (MODERATORS: ARTUR KLET, GODA MINIAUSKIENE)	
11:10–11:25	Finnish treatment guidelines for non-melanotic eyelid tumors	Marita Uusitalo
11:25–11:40	Management of Orbital Tumors	Karla Chaloupka
11:40–11:55	Periocular Reconstruction following Excision of Cutaneous Malignancy	Artur Klett
11:55–12:03	Sebaceous gland carcinoma of the eyelids: 20 years' experience in Finland	Paula Niinimäki
12:03–12:11	Ophthalmoplegia with exophthalmos, method of elimination	Aniya Iserkepova, Evgeniya Chesnokova
12:11–12:19	Development of lacrimal surgery in Estonia, example of one family	Kadi Palumaa
12:19–12:27	Choroidal methastases of cutaneous melanoma and response to systemic treatment	Egle Baliutaviciute
12:27–12:35	Ocular recurrence of primary central nervous system lymphoma: 2 clinical cases	Augustina Grigaite
12:35–12:40	Discussion	
12:40–13:40	Lunch	
13:40–14:40	UVEITIS AND OTHER INTRAOCULAR INFLAMMATION (MODERATORS: RIMVYDAS ASOKLIS, LĪGA RADECKA)	
13:40–13:55	How to avoid endophthalmitis after IVI?	Andrzej Grzybowski
13:55–14:03	Endophthalmitis After Intravitreal Injection	Līga Radecka
14:03–14:11	Endogenous Endophthalmitis Secondary to Pyogenic Liver Abscess	Emilija Juseviciute
14:11–14:19	Acute posterior multifocal placoid pigment epitheliopathy associated with chronic pulmonary embolism: a case report	Indre Meiluniene
14:19–14:27	Acute retinal necrosis caused by VZV	Kristina Baumane
14:27–14:40	Uncommon causes of the ocular inflammation – hints, challenges and failures	Rimvydas Asoklis
14:40–16:10	YOUNG OPHTHALMOLOGISTS SESSION (MODERATOR: VYTAUTAS JASINSKAS, JURIS VANAGS)	
14:40–14:47	SOE lecture: Spontaneous late in-the-bag intraocular lens dislocation	Renata Vaiciulieni
14:47–14:54	FLACS vs Conventional Phacoemulsification in hands of inexperience surgeon	Andrei Solomatin
14:54–15:01	First expirience using flanged intrascleral intraocular lens fixation with double-needle technique.	Andrei Solomatin
15:01–15:08	Morphological features of Meibomian glands in young adults	Ieva Alisaukaite
15:08–15:15	Effect of obstructive sleep apnea on corneal morphological characteristics	Zivile Vieversyte
15:15–15:22	Association between Antenatal Blood Pressure and 5-Year Postpartum Retinal Arteriolar Structural and Functional Changes	Ralene Sim Zi Hui
15:22–15:29	Real-World Outcomes of Ranibizumab Treatment for Diabetic Macular Edema in LSMU Hospital Kauno klinikos	Tadas Naujokaitis
15:29–15:36	Cost Comparison of Care Between Different Stage Glaucoma Patients	Migle Lindziute
15:36–15:43	Posterior scleritis: case series	Vaiva Stankeviciute
15:43–15:50	Video presentation of glaucoma surgery case	Eliza Briede
15:50–16:00	ABCA1rs1883025 and CYP4F2rs2108622 gene polymorphisms association with exudative AMD and association with anti-VEGF inhibitory treatment	Ruta Mockute
16:00–16:10	Closing remarks
